

2017 Fort Rosecrans WAA Event Parking Notice for 12/16/17

There will be no parking in spaces outside the cemetery gates this year, they will be coned off for other usage.

There will be no parking along the roadway edges at the cemetery since this presents a risk to people exiting vehicles and walking in this area.

All parking must be at the US Navy lot off Catalina Blvd. Due to current sewer construction, one lane only each way. Five Goldfield Stage buses will run shuttle routes from outside the US Navy lot. Buses are donated by Goldfield.

If you wish to, consider tips to the drivers, the traffic will be congested and made more difficult for them this year.

Traffic control into and out of the lot will be handled by USMC Military Police from Marine Corps Depot San Diego, **PLEASE HEED THEIR DIRECTIONS.**

The parking lot will open at 7 AM promptly this year. There is no lane with room to sit and wait, and if you are early you WILL be turned away by the Marines directing traffic.

When you enter drivers have your ID available for Naval Security to view.

After the ceremony, the buses will shuttle volunteers to the far end on the bay side where 6,000 wreaths will be staged. After placing wreaths you will take the buses back to the parking lot.

Share this message as needed with others in your groups.

Thank you all for volunteering to Honor and Remember Veterans again this year. It truly means a great deal to all the families.
